### "EXPLODED EVIDENCE"

EUREKA, Cal., April 2.—A bottle of "evidence" taken from one of the six barrels of home-made brandy seized at Altraby Creek recently by Sheriff Robert Redmond exploded shortly after being taken charge of by the Scottia Justice court according to the sheriff. Now all that is left of what was bottled "evidence," is a dark brown stain on the ceiling of the courtroom, where the fire liquid took the paint off.

Redmond arrested several persons and seized six 50-gallon barrels of raw mash ready for distilling in his raid in the redwood district in the southern part of Humboldt county.

The chorus girls of the London stage are agitating for the establishment of a minimum wage of \$50 a week.

New Orleans women have started the Housewives' Co-operative store with a view to reducing the cost of living.

### DAINTY FROCKS FOR WINTER WHIRL

Here are two frocks for semi-evening or afternoon wear which every young woman will appreciate at a glance. On the left a crepe and taffeta with draped skirt can be worked out in any number of combination of colors. On the hand-embroidered figures is daintiness itself.

### WALLACE FEELS LIKE NEW MAN

Was So Run Down He Could Hardly Work—Tanlac Soon Routed His Trouble.

"I believe a man would be ungrateful not to tell the world about anything that had done him so much good as Tanlac has done me," was the statement made recently by Robert Wallace of 869 Alberta St., Portland, Oregon.

"For about a year I was in such a weakened condition that I could hardly do my work," continued Mr. Wallace. "I had choking chills and burning fevers every few days and I had shooting pains through my neck and face just like neuralgia. When I got home from work every night I was almost exhausted and went right to bed but by morning I felt just as tired out as I did the night before. I had a poor appetite and the little I ate did me more harm than good and caused me to suffer terribly afterwards. I had little strength or energy and from morning till night I felt weak and worn-out."

"Several of my friends advised me to take Tanlac, but as I had lost faith in medicine I did not take their advice, but when I read in the papers that it was doing so much good for people all over the country I decided to try it. Well, sir, it has fixed me up so fine and I am now feeling like a new man. I don't have the pains in my neck and face any more and the chills and the fever are a thing of the past. I have a fine appetite and can eat anything I please without any trouble at all. I get up every morning after a good night's rest feeling so refreshed I am ready for a big day's work as any man. I think so much of Tanlac that I am telling all my friends about it."

Tanlac is sold in Klamath Falls by the Star Drug Co., in Lorella by the James Merc. Co., and in Merrill by the Southern Oregon Drug Co.—av.

### CALIFORNIA WILL ENFORCE TRAFFIC LAWS

SACRAMENTO, Cal., April 2.—The State Motor Vehicle Department will begin soon a campaign against violators of the headlight act, Charles J. Chenu, newly appointed superintendent of that department said.

"Just as soon as the rush of issuing licenses is over the inspectors will return to the state and county highways and see there are no glaring headlights," Chenu said.

### MUST TEST EGGS

REGINA, Sask., Apr. 2.—After the first day of June, 1920, in accordance with the new egg marketing act every dealer in eggs in Saskatchewan either wholesale or retail who purchases eggs directly from producers, must be licensed, and after that date no eggs may be purchased by such dealers until they have been candled and all eggs unfit for human food rejected.

### TAKES SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Back-  
achy or have Bladder  
trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

### AT THE THEATERS

The puzzling likeness of the celebrated Dolly Sisters gives these sprightly and fascinating young artists frequent opportunity for good natured fun. The latest victim of their bewildering pranks is Leonce Perret, the famous French director. During the rehearsals of "The Million Dollar Dollies," the Metro romantic fantasy starring these popular dancers, which is the attraction at the Liberty Theatre tonight, they were continually mixing themselves up, so to speak, with the wilful and mischievous intent of deceiving the director. They succeeded very well for a few days, but Mr. Perret got as much fun out of their pranks as they did themselves, and like the adroit director he is, he turned them to good account in several scenes of the picture. Finally he discovered something. It was a mole, a tiny mole, and it was on the neck of one of the sisters. Yes, the one named —, well no, we can't tell now. However since he made his discovery, Director Perret has been safe, and the Dollies are looking for a new victim. So, watch out, they will be at the popular Liberty theatre tonight.

Abe, the magnificent stallion that plays such an important role in "Shod With Fire," Harold Titus' beautiful story produced as a photoplay, and to be shown at the Liberty Theatre Saturday, possesses a larger share of intelligence than many human beings. William Russell, the star, says he believes Abe understands nearly every word spoken to him.

When Ann Lytton, played by Helen Ferguson, says, "Go find your master," Abe throws up his head, sniffs the wind, goes galloping across the plains to the ranch house, pushes the door open and goes in—but, failing to find his master, goes

to the town, where he looks in every accustomed haunt of his master until he finds him at the hotel.

"Tell Abe what you want him to do, and he does it without having to be put through the usual course of training. He knows when he is being photographed, and he puts more intelligence into his acting than some so-called leading men and women in this profession," said Mr. Russell as he lovingly patted his favorite.

This is a horse well worth seeing—especially when he appears in a play well worth seeing.

### MOVING DAY

Moving day comes pretty often. Why not solve the problem by buying or building a home. Two or three rooms all your own is better than a mansion owned by the other fellow. If you own a lot and cannot afford to build, better put up a tent for the summer. If you have no lot, we'll sell you one on very easy terms. You say that labor and material are high, and we agree with you, but wouldn't it be too bad to wait for three or four years and then find that labor and material are higher than now. Perhaps we can help you to get located. Come in and talk it over.
